

	I think that I would like to use this system frequently.	I found the system unnecessary.	I thought the system was complicated.	I think that I would need technical assistance to be able to use the system.	I found the various functions of the system difficult to learn.	I thought there was too much to learn.	I would imagine that most other people would have difficulty using this system.	I found the system very easy to learn.	I felt very confident using the system.	I needed to learn a lot of things before I could get going with this system.
